Dear Rodney,

Inc. magazine has identified Ross Holdings Inc as one of the fastest-growing companies in the Tax Retrn Prep Svcs industry. Our information suggests your company has grown 45% in the period from 2003 to 2006.

If you verify your growth, you'd qualify for the Inc. 5,000, our annual awards given to the fastest-growing companies in America. You also appear to be a good candidate for our awards for the top 100 companies in your industry and the top 100 in the Los Angeles--riverside--orange County, Ca area.

For 26 years, *Inc.* magazine has written about entrepreneurial companies like yours. Microsoft, Timberland, Domino's Pizza, and thousands of other companies were recognized by the Inc. 500 long before they became household names.
